Your Personal Angel of Wealth is Within Your Reach on [[theDateTimeSet:MM D]]

Dear [[Forecast10]],

I wanted to let you in on a very special secret. [[Birthday:WW, MM D]] was a truly spectacular day to be born.

Because on that [[BirthSeason]] day, a [[Birthday:WW]], a miraculous set of circumstances combined to make you into the remarkable person you are today.

"Live in fragments no longer. Only connect..." - E.M. Forster

Your [[AstrologyPerson]] nature means that you find it easier than most to get along with others. And having the ability to connect with others is one of the most important skills of all.

You're an especially giving and generous person and this makes you unique. Have you ever wondered how you got that way? You inherited these qualities because of when and where you were born, because of the energy and positions of the planets and moon on that day - and, most importantly, because of who was watching over you for this heavenly event.

On [[theDateTimeSet:MM D]] a Heavenly Template Will Bring Prosperity Into Your Life!

We each have several angels surrounding us, but the most important are our guardian angels who are present from the time of our birth. They're there to help us find and follow our life's path.

I can't tell you what these angels look like. They're all different. Some people report that their angels are 10 feet tall. Others that they look just like everyone else. It is often said that when angels are heard singing, their beautiful high-pitched tones are more harmonious and sweet than can ever be imagined.

But what I can tell you [[Forecast10]] is that on [[Birthday:MM D]], an Angel of Wealth welcomed you into the world. That heavenly spirit was

assigned especially to you - to direct you, help you be bountiful and live life to the fullest. Then, somewhere along life's winding path, this awesome alliance was lost.

Why did you lose this connection?

Instead of taking care of yourself and thinking about yourself, you've been concerned about everyone else. It's part of your [[AstrologyPerson]] nature. But the good news is, because of this empathetic, sensitive part of your personality, you also have the ability to channel the celestial world of angels.

[[theDateTimeSet:MM D]] is the Time to Start Focusing on YOU!

Would it make you happy to know that on a date in the very near future in 2008, your life could blossom in greatness, free from financial worry and filled with all the things that matter the most to you?

The day has come to reunite with your Angel of Wealth who was watching over you when you were born on [[Birthday:MM D]] from the heavenly sky, in time for [[theDateTimeSet:MM D]]. NOW is the time to start thinking about your own individual path and giving yourself the time you deserve!
