**SURROUND YOURSELF WITH THE WEALTH ATTRACTING
ENERGY OF JADE ON [[THEDATETIMESET:MM D]]**

Verdant Jade With a Pure Sterling Silver Character

Dear [[Forecast10]],

While working in my garden yesterday, I was struck by the abundance of green around me. After a long cold winter, this oasis of hope and renewal was so inspiring that I thought of you and how

your auspicious birth on [[Birthday:MM D]], on a [[Birthday:WW]], was also a time of hope and opportunity.

At the time of your birth the planets, in perfect alignment, bestowed their blessings upon you, endowing you with outstanding attributes. Because of this, [[Forecast10]], everything you will ever desire is *actually within your reach...*

**But, in Order for You to Achieve These Fantastic and Fulfilling Things,
You Must Seek Out a Unique Path**

[[Forecast10]], I know that it's not your style to compete in the cutthroat manner that so many others consider to be the right way. Instead your spiritual nature means you must pay heed to the myriad of ancient symbols and mystical forces that dot our destiny like signposts.

And [[Forecast10]], that's where I come in, to help you decipher these signposts and guide you in the direction of truth and accomplishment. The extraordinary luck-drawing Jade Circle of Wealth is a good luck talisman brought back from China by another dear friend of mine, Bernard de Buhem.

After Bernard described this vibrant pendant's powerful, spiritual and symbolic attributes to me, I was so thrilled by its potential that I immediately thought of the Jade Circle of Wealth and you, [[Forecast10]]...

Right then I knew that I had to offer you this beautiful and unique Jade Talisman as an instrument of good fortune and protective power, bringing you all you deserve.

An Old Chinese Saying...Gold has Value but Jade is Invaluable

The Chinese have held Jade in the highest esteem for thousands of years, believing so deeply in its powers that most Chinese wear or possess Jade in some form or another. It's mystery and allure is evident in Chinese mythology, religion, philosophy, folklore and social life. At the birth of a baby, the newborn is inevitably given Jade by a relative or parent for good luck and protection.

You Deserve Health, Wealth and Happiness

[[Forecast10]], Jade has prevailed for so many years because it has truly stood the test of time as an instrument of divine luck, purity and status. When you hold it, you can feel how it exudes a gentle yet effective energy, which simultaneously deflects negative energy.

Jade was mined by the very earliest of civilizations dating as far back as the ancient Aztecs and Mayans. But, it was the Chinese

who over the long centuries perfected the craftsmanship of Yu (Jade), a Chinese character meaning jewel or treasure, because of how highly it's prized.

And at the very center of this stunning talisman is the most powerful of ancient Chinese symbols, the symbol of Longevity - SHOU- crafted in pure Sterling Silver...

Shou Will Make Your Good-Luck Long and Enduring

[[Forecast10]], this doesn't only mean Longevity in terms of health and life, but by having this symbol in the center of your talisman, it will radiate longevity to all areas of your life...health, love, happiness, success and wealth.

To enrich its life-extending powers, the character Shou is made of pure silver, a metal long associated with the goddess Venus because of its lustrous beauty.

The Chinese, with their abundance of millionaires and billionaires, know the importance of the quality of life. They know that a wealthy and prosperous life is meaningless without enduring happiness and good health. For that reason Shou is the symbol chosen for the center of the Jade Circle of Wealth.

[[Forecast10]], the reason I wrote you so quickly is because by the time of the [[theMoon]] on [[theDateTimeSet:MM D]] (when the energy in the air is charged with possibilities for change and enlightenment) your entire life and destiny can be utterly transformed.

As of [[theDateTimeSet:MM D]] you can surround yourself with an aura of lucky, protective energy that will activate your natural attributes and bring you to new heights.
