**THE MOON'S SACRED CYCLES WILL BRING YOU THE WEALTH AND HAPPINESS THAT YOU DESERVE [[Forecast10]]**

Dear [[Forecast10]],

The nights when my garden is bathed in the silvery glow of the Full Moon are often when I have my most profound visions and feelings. These moonlit evenings are when my insight is at its strongest and I can clearly 'see' ways for you, as my dear friend, to improve and easily and quickly enrich your life.

It was under a particularly potent Full Moon that a trusted friend called to tell me about this exquisite Sterling Silver, Black Onyx and Mother of Pearl Bracelet. You came to my mind immediately [[Forecast10]]. I felt instinctively that I had to let you know about it right away, because of its astonishing ability to help you 'tune in' to the powerful vibrations of the Moon.

You see, when I began to study astrology one of the first things I learned was how valuable and important the Moon is in the horoscope. The Moon is our nearest neighbor and its luminous beauty has entranced us since the dawn of time. But it also has magical, symbolic and even practical powers

that, if you know how to use them, will help you achieve your dreams and bring you to new levels of joy and fulfillment.

The Moon is an intrinsic component of our visual landscape, endlessly fascinating us with its majestic waxing and waning each month. From the tiny, glimmering hint of the New Moon, to the brilliant, almost floodlit power when it is ripe and full, and finally its disappearance from view at Dark Moon, its influence on earth subtly changes without losing any of its magnificence.

We know too that the Moon has the power to affect the tides and some organic gardeners believe it also influences seed germination and plant growth. This is nothing new [[Forecast10]], as in the past, farmers and gardeners were well aware of Lunar Power and have long used the Moon's phases in order to plant their crops at the ideal time to achieve maximum growth.

### **Plant the Seeds to Your Own Garden of Abundance with the Help of the Mysteriously Lovely Sterling Silver 'Moon Bracelet'**

In many cultural traditions, Silver is celebrated for its sacred connection to the Moon, so it's entirely appropriate that this stunning bracelet was constructed from pure Sterling Silver. Obviously, Silver contains its own inherent beauty but there are other reasons why this is the *only* metal for this Moon Bracelet.

Many people aren't aware [[Forecast10]] that the Moon has no light of its own but simply reflects that of the Sun. The sheen that silver gives out is subtle, refined and sophisticated, reminding us of the magical light of the Moon and therefore complements this simple yet beautiful piece. However, silver is also extremely strong and at the same time malleable, which is why it has been such a valuable metal for making magical and religious amulets and talismans since the beginning of time.

It's also long been believed that Silver promotes good luck by protecting the wearer from harm. Wearing silver close to the skin can help to strengthen your intuition and repel any negativity directed your way. Moreover, Silver's reflective quality helps to 'return to sender' anything damaging aimed in your direction.

In addition, Silver is recognized as a superb conductor of thermal and electrical energy. The Sterling Silver of this Moon Bracelet will help you to 'tap into,' absorb and direct the immense energy of the Moon in order to attract the opportunities that are going to enrich you and enhance every aspect of your life.

### **Mother of Pearl and Black Onyx: Contrasting and Complementary Energies**

This beautifully crafted Moon Bracelet is comprised of five discs set into the Sterling Silver framework. The Mother of Pearl disc at the center of the piece represents the Full Moon. Beside it, Onyx and Mother of Pearl are combined to symbolize the Waxing Moon and the Waning Moon. The end settings represent the First and Last Quarter Moons.

Mother of Pearl or 'Nacre,' is the mineral lining of shells, including those in which Pearls form, hence 'Mother' of Pearl. It's especially associated with the Moon because of its reflective, iridescent appearance,

reminiscent of Moonlight.

In the Horoscope, the Moon symbolizes motherhood and nurturing and without this precious lining to the shell, the Pearl would not be able to develop. Nacre serves to protect and preserve the growing Pearl and it is believed to contain protective qualities of its own by transforming negative energy and purifying the environment.

Mother of Pearl jewelry and objects have been dated from as long ago as 3000 BC. The Chinese especially believe that it has the power to attract good luck and prosperity; it was often given as a gift to someone who needed a boost to their fortune. Its protective and luck attracting qualities made it an ideal material for buttons, especially on baby clothing.

Black Onyx is a supportive and strengthening stone. It helps you to own and understand your personal power and energy and also to connect with your Inner Guide. Onyx also helps you to be objective and centered, allowing you to take control of your life in positive ways. It promotes self-esteem and confidence in your own judgment and decision-making and this in turn helps you to be 'comfortable in your own skin.'

**Connect with the Moon's Power to Attract Wealth and Well-Being into Your Life, [[Forecast10]]**

The word month is derived from 'Moon' and there are in fact, not 12, but 13 Lunar months in a year. Each month can be divided into 4 distinct Lunar phases and these are depicted in the Mother of Pearl and Onyx on your Moon Bracelet. Each Lunar phase has different qualities and properties, which can be used to your advantage [[Forecast10]], once you know how to tap into the prevailing energy.

**First Quarter Moon:**

Sow your seeds  
Listen to your intuition  
Note down your dreams

**Waxing Moon:**

Focus on your goals  
Refine your desires  
Tune in to the Moon energy

**Full Moon, the stunning Mother of Pearl centerpiece:**

High energy time  
Make your important calls and moves  
Network and hit the casino or purchase your lottery ticket

**Waning Moon:**

Sit back and enjoy your good fortune  
Be generous with your abundance

Observe which of your projects have reached fruition

**Last Quarter Moon:**

Refine current objectives

Visualize wealth and prosperity in your life
