"Vroom!"

Dear Parent,

How do you make a moment last forever? Read with your child. These precious times—sharing a book, laughing over funny stories, answering questions, learning new things—build a bond between the two of you. Make it fun, and your child will eagerly look forward to storytime every day. Make it important, and you'll encourage a lifetime love of reading. *Children's Book-of-the-Month* is here to help with books you'll love sharing with your child.

From imaginative tales of heroes and princesses to stories about baby animals in their natural habitats, there are books to capture any child's imagination. *Children's Book-of-the-Month* offers books that teach early concepts such as numbers and colors to babies, as well as chapter books for beginning readers.

Each month, our editors read through literally hundreds of titles published to select only the most worthwhile books, toys, games, and videos. Books and products that will teach values, encourage together-time, and build important skills, whether your child is a baby or a preteen!

Parent Tip #1

Don't be afraid to be silly when you're reading together! Use different voices for different characters, act out the noisy parts, gasp with surprise, laugh out loud. Your child takes his or her cues from you and will love the fact that you're enjoying the time too!
